Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Examiner and Applicant's representative discussed the proposed claims. Examiner agreed with Applicant's representative that claims 23, 33 and 43, as proposed, overcome the art currently cited and an examiner will do a new search. As for proposed claims 1 and 12, Examiner and Applicant's representative discussed removing "vehicle video system" which would then appear to overcome the prior art listed and Examiner will further search and consider the claims.
